WORK EXPERIENCE

DOLBY LABORATORIES | DEVELOPER ADVOCATE   San Francisco, CA | Jun 2021 – Jun 2023

- Develop sample applications, work with collaborator companies including Postman and Deepgram, and present at conferences and events on Dolby.io API and SDKs.
- Lead developer blog and video content, writing blog posts, leading workshops and webinars, and creating videos, as well as managing production from guest members. See https://dolby.io/blog.
- Collaborate with diverse engineering teams to improve documentation, user experience and API architecture, and test new products and specification. See https://docs.dolby.io.

DATADOG | SOLUTIONS ENGINEER   San Francisco, CA / Remote | Apr 2020 - May 2021

- Responded to client requests on fast paced team while continuing to educate clients on use of the platform. Provided semi-weekly webinars and demos to prospective customers wishing to learn more about the product.
- Reproduced issues and dive into the 400+ integrations and platforms that Datadog works with (AWS, Azure, GCP, Redis, Docker, Kubernetes, etc.). Collaborated with engineers to report and fix reported bugs.
- Built out documentation and knowledge based articles for a variety of technology and created internal tools for improved team efficiency. Wrote helper scripts to facilitate on-boarding and debugging for internal team.

TRANSPOSIT | DEVELOPER EVANGELIST   San Francisco, CA | Jun 2019 – Oct 2019

- Launched sample apps and blog posts, and worked with individuals to inspire and promote adoption of platform. Examples include Slack, Twilio, Smartsheet, Airtable, Apify, Google Drive.
- Managed, and spoke at developer events to create relationships between users and partners.
- Optimized documentation, and built landing pages for partner integration and collaboration.

DOCUSIGN | DEVELOPER RELATIONS INTERN   San Francisco, CA | May 2018 - Aug 2018

- Worked with product, engineering and marketing to find ways to improve and spread the developer on-boarding experience for DocuSign developer APIs.
- Organized DocuSign organized hackathon attendance and participation to spread API specifications SDK to new users to build creative applications.
- Designed and wrote teaching content for DocuSign's booth at Dreamforce 2018 on the use of DocuSign for Salesforce API for the team's booth.
